

## Protect your crew... and your bottom line

**Legendary slip-resistance to keep you safe  
Comfort, style and quality to keep you happy**

Your safety is our top priority.

Since 1984, Shoes For Crews has had one of the very best slip-resistant outsoles in the business. With years of continued research and development, we have become a leader in safety footwear with the trusted traction and safety features you need for your job.

Our carefully crafted footwear looks fresh and feels great so you can walk into work knowing your shoes are built to withstand demanding conditions. .

### Shoes for Crews Innovation
